2					
3					
4					
5					

### **Final Count**

<b>Number of Species Captured</b>			
<b>Number of Points</b>			
<b>Ranking</b>			
<b>Recorders Signature</b>			

All fish species must be nominated and accepted prior to commencement, and once selected fish cannot be changed for the duration of the season. Submit your list as soon as possible. Competition is decided on the most species caught and if no winner is found then by the most points accumulated. All fish to be caught on typical fly fishing equipment. ANSA factors will apply in instances where competitors have caught the same number of fish.

Fish can be captured at any time and must be of a legal size ANSA or State law whichever is applicable. Proof of capture is by either a digital photo or signed sheet by fellow fisher. To be eligible, photos must be submitted within one week of capture.

The Summer Top 5 will close at the commencement of the 12 February 2015 Fly Tying Night.
